

SIEFA Trader Installation Guide (For Windows 10 or above)

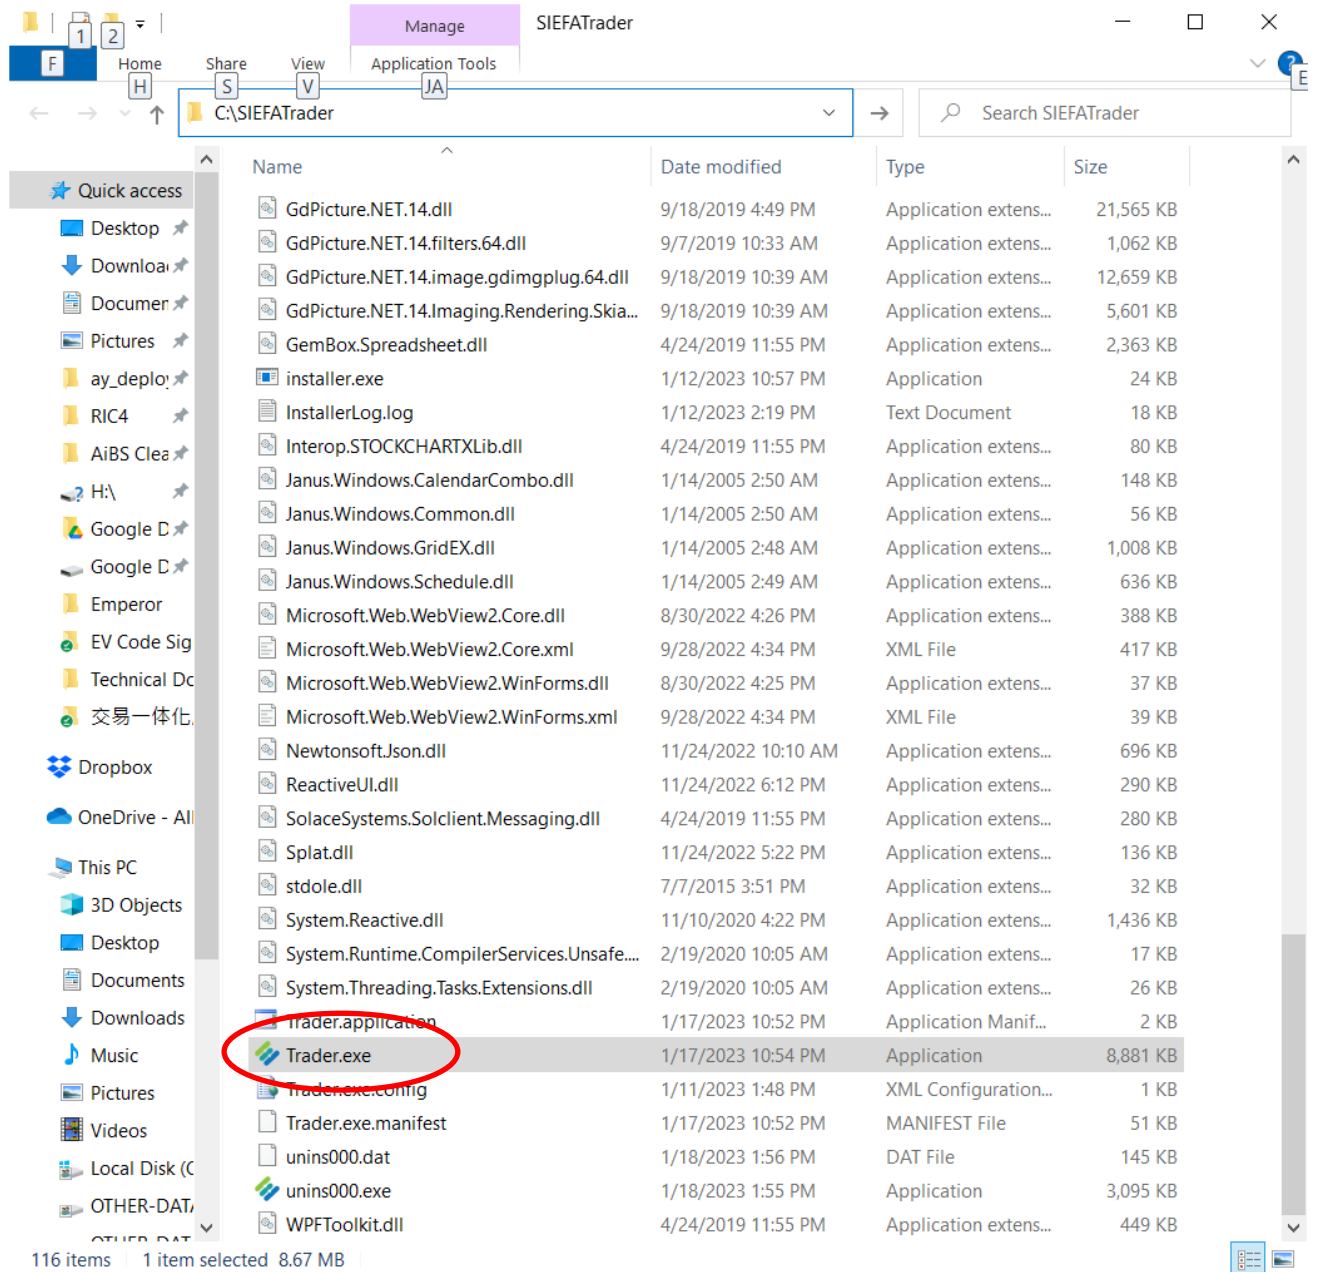

- 1) Open browser, go to <https://www.fullnode.com.hk> and click “Download 下載” in top-right corner.

- 2) Click the link “SIEFA Trader (Zip version 免安裝壓縮版)” to download the file “SIEFATraderSetup.zip”.

- 3) Create a directory inside your local haddisk (e.g. C:\SIEFATrader) which you have both read/write access and unzip the downloaded file into this directory.
- 4) After install, double click to run “Trader.exe” in the directory to start the application.

- 5) Choose “Add Server 新增服務器...” and input server code in the server field as below

- 6) Input "User Code" and "User Password" and then click "Login" Button
- 7) If you are required to run HTML5 price quote screen from other 3rd party data vendors (such as ETNet, Megahub, TSCI), it is required to install "Microsoft Edge WebView2" component. Please download and install it from <https://go.microsoft.com/fwlink/p/?LinkId=2124703> or click "Microsoft Edge WebView2" link to install under "Download 下載" in <https://www.fullnode.com.hk>.

The screenshot shows a web browser window displaying the 'Download 下載' page of FullNode Technology. The page has a dark blue header with the company logo and navigation links. Below the header, there is a main content area with three sections:

- For Client Use 客戶專用**:
